Indicator used in below example set file can be downloaded from above UEA group.

Indicator Name is 'IndicatorWithObjectArrow'

Select the object arrow and right click on it. Then select Arrow properties

Find common text of object name for both Buy signal and Sell signal.

Open second tab names Parameters and find Arrow code for both Buy and Sell Arrow object signals.
For objects without arrow code skip this step.

Paste common object name for both Buy and Sell signals into corresponding EA settings.

IMPORTANT!! - You should drag indicator on chart for UEA to read object signals

The screenshot shows the 'Expert - UniversalIndicatorEA' dialog box with the 'Inputs' tab selected. The dialog contains a list of variables and their values. Two red arrows point to the 'Buy Signal Object Name Prefix' and 'Sell Signal Object Name Prefix' fields, which are labeled 'Object Name for Buy' and 'Object Name for Sell' respectively. The 'Buy Signal Object Name Prefix' is set to 'objArrow_BUY' and the 'Sell Signal Object Name Prefix' is set to 'objArrow_SELL'. The dialog also includes 'Load', 'Save', 'OK', 'Cancel', and 'Reset' buttons.
